Translation

Translation services will be available for the opening and closing general sessions in the auditorium using the *GoTo Meeting* app. The general sessions will be presented in English, and the translators will communicate in Spanish.

For the 10 breakout sessions during the day, 5 will be presented in English and 5 will be presented in Spanish.

In the past, translation equipment was provided to participants. However, the need for translation has outgrown our limited equipment and we are moving in a new direction that will allow for more access to a greater number of participants.

Those who wish to hear the general sessions translated into Spanish should bring a smart phone/device with a fully charged battery and a pair of earbuds/headphones. Those who do not own a smart phone/device are encouraged to make arrangements to borrow one from a relative or friend prior to the conference. Please contact the Office of Catechesis if you have any questions or concerns.

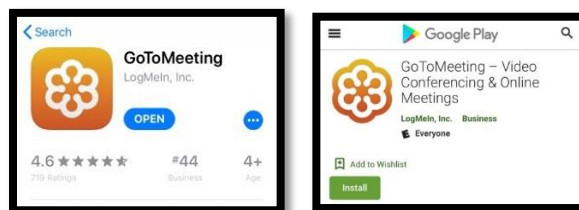

Directions for downloading the app are below, and there will be volunteers available to give tech support the day of the event.
