Becky's Place COVID-19 Update

Becky's Place continues to provide our services to the women and children in our care. We remain open 24 hours a day, 7 days a week and are taking all the proper precautions to keep our staff and residents safe. We are grateful for our friends in the community who have provided meals, supplies and gifts for our residents. The support during these uncertain times means the world to all of us at Becky's Place.

Becky's Place is doing our part to help the Bedford community during this crisis. Residents have been creating bags of disinfecting wipes and 8oz & 2oz containers of hand sanitizer to be dropped off to the Health Department and local nursing homes. We are pleased to be able to help support the community that has been so generous to us over the years.

We hope that this finds you and your family healthy and well. Know that you are in our prayers during this difficult time. We continue to serve those most in need the best we can during the COVID-19 pandemic. Many of our programs are still seeing clients and working to provide help and create hope for those that are struggling.

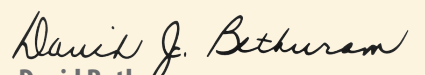

Our staff continues to work hard to bring light into the lives of our neighbors who are most vulnerable. The health and safety of our staff, volunteers and clients is our highest priority and we are taking all of the necessary precautions to keep everyone safe.

As we respond to the ever changing situation on regarding COVID-19, our plans will continue to evolve to meet the needs of our clients. We have been working with the other Catholic Charities agencies in the Archdiocese, State and Catholic Charities USA to provide the help and support people need. During times like these, we are aware of the importance of our mission to
