What is the Toolbox for Pastoral Management?
The Pastor’s Toolbox is a comprehensive overview to the key elements of pastoral management for pastors. Created in 2007 by The Leadership Roundtable, the program has undergone continuous review and improvement, including an external assessment of its impact on participants.

The Toolbox - as a formational and educational process - is fully attentive to the participant as pastoral leader and person. The Toolbox will be responsive to needs articulated by pastoral leadership in the Archdiocese of Indianapolis. In addressing these needs, it will be highly pragmatic and immediately useful to participants.
